

IMPORTANT!

COVIDSafe Season 2020/21 Instructions for the McCrae Yacht Club

You **must** follow these instructions if you visit.

1. You must always carry a mask. Wear if you cannot maintain **1.5 m** from other people.
2. **Stay away** if you have any COVID19 symptoms. Get tested instead.
3. **Sign-in to the club using the club's the QR code (right).**

Point your phone camera at the code, then fill in your details. Stuck? Manually connect using the Service Victoria app and enter code **W76 G6S**

A manual sign-in sheet is also available next to the canteen.

4. **Sign on** for sailing using the **sailor app**.
5. No more than 1 person per 2 m² indoors (this is equal to approximately 53 people in the clubroom).
6. You can use all areas of the club including the change room, but please minimise use of showers and observe density limits. Outdoor showers are encouraged.
7. **You may use tables and chairs, but you must clean them after use.** Spray bottles and wipes are available.
8. The **canteen and bar are open**. You are strongly encouraged to **use cards rather than cash**.
9. Please **bring a drink bottle** and refill from the tap. Our drinking fountains are closed.
10. Australian Sailing also encourage you to get a flu shot and download the COVID safe app.
11. **Check these rules every time** you go sailing. Our COVID safe plan is a living document so expect tweaks.
12. Any questions contact Jon Knorr, Alistair Watson, Scott Watson or the Shore Officer of the day (see the lower deck). Contact details can be found in the Sailor App.

These requirements align with our COVIDSafe Plan, which conforms with government directions and Australian Sailing guidelines.

For everyone's health and the reputation of sailing, please **do the right thing at all times**.

Thanks,

Written
Scott Watson
