

IMPORTANT!

COVIDSafe Summer Guidelines at McCrae Yacht Club

You **must** follow these instructions during **COVIDSafe Summer** (from 07/12/20) if you visit the club and sail.

1. **Stay away** if you have any COVID19 symptoms. Get tested instead.

2. **Sign-in to the club using the club's the QR code (right).**

Point your phone camera at the code, then fill in your details. Stuck? Manually connect with this link: <https://covidcomply.org/g5u4z>.

A manual sign-in sheet is available next to the canteen or at the front gate.

3. **Sign on for sailing using the sailor app.**

4. **Sail!** On your own, with a household member or with friends! There are no limits to the number of boats on the water. More is better :)

5. The **sailing committee** have additional procedures for race management, rescue boats and the tractor.

6. Stay **1.5 m** apart – if closer wear a mask. No more than 100 in a group outdoors. No more than 1 person per 2 m² indoors. If there is a disco, no more than 50 people on the dance floor at a time. Don't kiss, hug or shake hands. But do say hello and enjoy each other's smiles!

7. You can use all areas of the club including the change room, but please minimise use of showers and observe density limits. **Do not use tables or chairs** unless arranged through the COVIDSafe Officer – you will need to clean them after use.

8. Carry a mask at all times. Please feel welcome/encouraged to wear your mask, particularly if indoors or closer than 1.5 m to others.

9. The **canteen and bar are open**. Hooray! You are strongly encouraged to use cards rather than cash.

10. Please **bring a drink bottle** and refill from the tap. Our drinking fountains are closed.

11. Australian Sailing also encourage you to get a flu shot and download the COVID safe app.

12. **Check these rules every time** you go sailing. Our COVID safe plan is a living document so expect tweaks.

13. **Have fun!** Any questions contact Jon Knorr, Alistair Watson, Scott Watson or the Shore Officer of the day (see the lower deck). Contact details can be found in the Sailor App.

These requirements align with our COVIDSafe Plan that conforms with government directions and Australian Sailing guidelines. For everyone's health and the reputation of the club, please **do the right thing at all times**. Heavy penalties apply for breaches of government directions and you don't want to receive a 'please explain' from the Commodore!

Thanks, and enjoy the fruits of summer after a tough lockdown :)
